Previous Work Experience

West Virginia Public Theatre: Technical Director, May-Jul. 2024

- ❖ Budgeted, drafted, and supervised load-in and strike of a two-show season
- ❖ Managed a crew of five carpenters at various skill levels
- ❖ Fostered communication and collaboration between departments as pertained to scenery

West Virginia University: Graduate Teaching Assistant, Aug. 2024-Present

- ❖ Led crews of undergraduate students in construction/installation of scenery in three different venues
- ❖ Taught THET103 Stagecraft as professor of record
- ❖ Functioned as Technical Director for *The Rimers of Eldritch* and *Dracula...revenge fantasy, really*

George Washington University: Instructional Lab Associate, Scene Shop, Oct. 2019-July 2024

- ❖ Instructed and supervised undergraduate students in safe and effective building practices
- ❖ Aided in developing a new shop space on the Foggy Bottom campus
- ❖ Maintained shop, performance, and storage spaces on all three GW campuses
- ❖ Supported the program in all production departments except costuming

Olney Theatre Center: Staff Carpenter, Sept. 2017-Oct. 2019, Scenic Apprentice, May 2016-May 2017

- ❖ Served as Interim Assistant Technical Director during a vacancy from Feb.-Jul. 2018
- ❖ Became primary programmer/operator of a 4'x8' ShopBot CNC router
- ❖ Built 13 shows per year with a variety of styles and techniques

Totem Pole Playhouse: Master Carpenter, May 2017-August 2017

- ❖ Constructed scenery for five shows in a shop of two full time carpenters, a TD, and ATD
- ❖ Moved to and organized a newer, larger scenery studio and stock scenery storage space
- ❖ Altered stock scenery to fit the needs of the productions as well as built new pieces
